A New Beginning of GIFTING

The True Values of Sharing

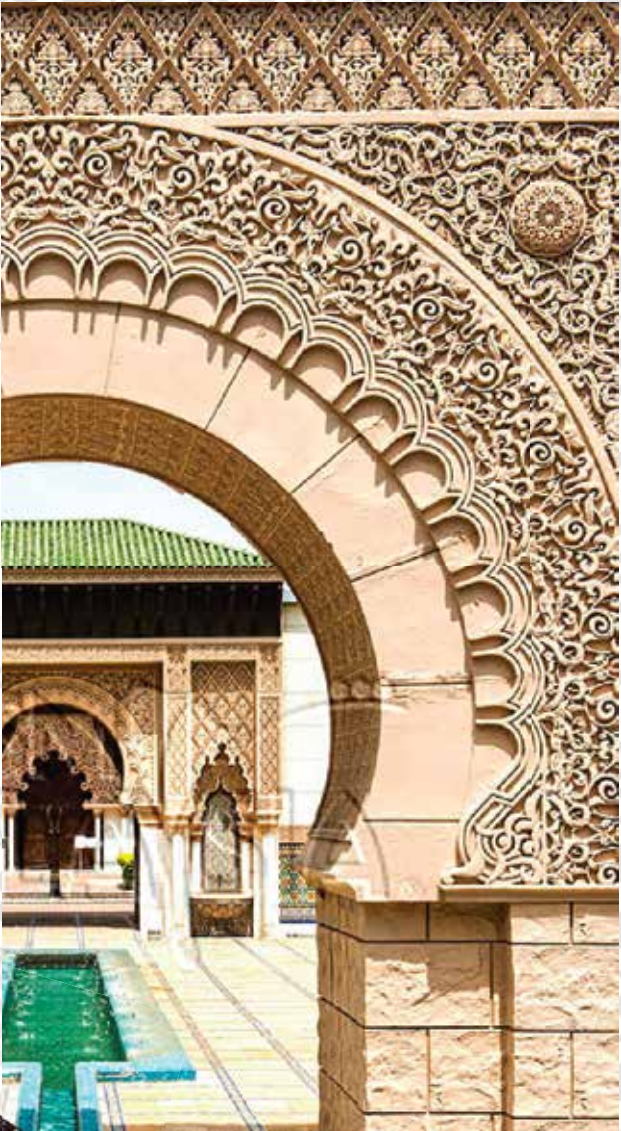

PROUD OF MALAYSIA

As a truly Malaysian, we are proud of our cultural identity that have been inherited from years - All we call it "Corak Malaysia" (pattern of Malaysia). These cultural identities have been applied in many areas, including significant buildings around town and many other attractions places in Malaysia.

In additional, these cultural identities have been assimilated in many daily use items and became part of our life.

Besides, the traditional and cultural costumes that have been widely known and applied by all Malaysian regardless of their race and religion. Our Malaysian products would be enlightened with these small little "Corak Malaysia", to express our love and care towards these cultural identities.

We are proud of Malaysia!

“What Say?”

From *Gift Visionary*

A GIFT,

A piece of small token that cheer up almost everyone. Sometime, value is not everything but critical part will be touch and feel.

Yet, the piece of small token, it can be attractive but must be at the same time bring some meaningful function to our life.

We may end up call it a waste when we received a gift that can be use, sometime not practical or useless for us.

We are giving of experiences, “gift expert”. We are so called a “planet saver” at the same time in our industries.

PERSONALISING YOUR APPROACH TO EVERYTHING FOR BAGS...

Simple aesthetics is the trend for fashion industries from the 90’s till now. Bags are one of the most usable items in our daily lives. We are the piece maker for its support.

Bags that are more convenient for carrying around are the ones more likely to be needed in the industry. Multipurpose bag, back pack, sling bag, travelling bag, document suit case or even recycled bag environmental friendly bag are all available in the production line.

Just like the title, “personalising your approach to everything for bags...”, we, as the provider in the industry, will always pump in with a lot of sweetness, colours and harmony flavours that are energetic and well accepted in all ways. This will always be our core value and concept in our design and creation.

For more interesting choice, please visit us at www.bag2u.com

In the premium gift industries, we always generates the brand from the concept of 'BAGs For EVERYONE'. Anyone using and carrying their bag wants it to be of their own design in addition to its multiple functions and usages.

“BAGS ON THE
Runway”

The carriage of convenience and the kick of selection always come in the mind of bag manufacturer. We aim to manufacture the bags that well accepted by everyone in the market with its own value. A big YES from our client toward our bags collection will always be our target and motivation.
